ABOUT ME

Computer Science engineering student with a strong knowledge of programming languages such as python , C and software development. Seeking an opportunity to contribute to software development projects while enhancing technical expertise.

EDUCATION

2023-2027 **Alagappa Chettiar government college of engineering and technology karaikudi**
BE-CSE
8.325

2022 - 2023 **Mount Zion Matric Hr.Sec School, Pudukkottai**
HSC
94.8%

TECHNICAL SKILLS

- Programming languages : Python , C
- Frontend Technologies : HTML , CSS , React.js
- Database : MySQL , MongoDB
- Backend : Node.js , Express.js , FastAPI

SOFT SKILLS

- Good analyser and highly motivated
- Teamwork
- Communication
- Poster creation

PROJECTS

- **Temperature based fan speed controller using Arduino :**
Developed an Arduino-based temperature-controlled fan system that varies the voltage supplied to a DC fan based on temperature sensor readings , enabling automatic speed control . Monitored real-time temperature and automatically regulated DC fan speed by varying the output
- **RAG-Powered PDF Assistant :**
Developed a full-stack AI application using React, FastAPI, SentenceTransformers, Vector Database, and Google Gemini that enables users to upload PDFs, perform semantic document retrieval using RAG, and receive context-aware answers through an interactive chat interface.
- **Food delivery website :**
Designed and developed a responsive food delivery website using HTML and CSS . Created intuitive web pages including home, menu, and ordering sections with a clean and user-friendly interface . Applied responsive design principles and modern CSS styling to enhance user experience across different devices.

CERTIFICATIONS

- Introduction to frontend development - Meta
- Google cloud cybersecurity - Google skills
- Website design and development internship - iStudio
- Second prize - Thiran (Intra-collage project expo)

ACTIVITIES

- NSS volunteer
- Cultural club coordinator

INTERNSHIP

- React JS Intern , Srishti Innovative , Technopark Campus - Trivandrum
- MERN Stack Intern , Anjana Infotech - Rajapalayam
